

ABOUT US

SoundSmart.ca specializes in practical advice for residential soundproofing and home audio enhancement. Homeowners have long been striving for a comfortable living environment, and stopping noise pollution is an important aspect of this goal.

As more and more choices are available to homeowners, SoundSmart.ca delivers clear and concise answers, along with detailed tutorials and demonstrations. A perfect companion for the do-it-yourselfer, our website provides information on methods and products designed to perfectly fit your home comfort requirements.

SoundSmart.ca also helps maximize the audio environment within the home, offering detailed application instructions for home theatre and audio solutions. From the proper speaker setup, to sound absorption and transmission advice, SoundSmart.ca has got you covered.

SoundSmart.ca is owned and operated by Building Products of Canada Corp. Building Products of Canada has provided over 100 years of quality service to the building industry, and is one of Canada's leading manufacturers and distributors of building materials.
